Reviews

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).

FACING UNCERTAINTY: THE ROLE OF THE M1 ABRAMS TANK IN THE U.S. ARMY OF 2015-2025

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The future of the M1 Abrams tank is uncertain. With current fiscal constraints and the requirement for expeditionary maneuver, the U.S. Army is under pressure to demonstrate the need for its Armored Brigade Combat Teams (ABCT), and specifically for its main battle tank, the M1 Abrams. The questioning of the tanks role in the U.S. Army of 2015-2025 stems from an underlying uncertainty regarding the future character of warfare. An extrapolation from the past thirteen years of operations in Iraq and Afghanistan could lead to the conclusion that future conflicts are likely to be unconventional and limited engagements; this supposition shifts the prioritization away from conventional platforms. The implications of this reading of recent history influence Army force structure, concepts, doctrine, and training, bringing into question the relevancy of combined arms warfare-and as a result, the role of the main battle tank.
